Insights to Help Organizations Achieve Their Diversity & Inclusion Goals

Organizations are increasingly looking at outside counsel for progress on diversity & inclusion in the workplace – from established, well-defined policies & practices to definitive hiring, retention, & promotion outcomes. Sky Analytics by Consilio, in addition to providing insights on legal spend, helps organizations better understand outside counsel diversity, set thresholds for meeting diversity goals, and assist in sharing results organization-wide.

Sky Analytics Diversity & Inclusion Features:

- Measure the diversity of your outside counsel based on actual hours or dollars billed
- Measure and track 5 diversity attributes including: gender, race, LGBTQ+, disability status, and veteran status
- Set diversity thresholds and determine which firms are meeting or exceeding your desired thresholds
- Include diversity charts on firm dashboards for race and/or gender
- Report diversity by firm and position
- Firm-level pie charts for diversity by role
- Leverage diversity data for collaborative discussions with your outside counsel
- Ability to search for firms based on firm-level designations and certifications such as: NAMWOLF Member Firms, Minority or Woman-owned Law Firms, Mansfield Certification

Gender Diversity By Position – One of the many Diversity & Inclusion widgets available on Sky Analytics

Negotiate Rates with Confidence

Sky Analytics' rate comps arm your legal department with the most sophisticated rate benchmarking intelligence on the market. By comparing thousands of billed rates against key market dynamics, such as practice area expertise, Sky Analytics offers legal departments valuable insight into fair market rates based on actual billing data - not just surveyed rates.

Forecast Matter Costs More Accurately

If budgeting for upcoming matters, pricing fixed fee or value-based billing arrangements are a real challenge, then Sky Analytics is your solution. Our user-friendly interface allows you to instantly draw upon your past matters or access Sky Analytics' deep matter database to accurately gauge pricing metrics.

How It Works

1 Submit your invoice data via eBilling export or paper/PDF format.

2 Sky Analytics anonymizes, pools and enriches your invoice data in a few short weeks.

3 Enjoy actionable intelligence via an easy-to-understand web-based platform.
